2 TERMS AND CONDITIONS

It is important that all Australis College perspective and existing students acquaint themselves with the terms and conditions set out within this Student Handbook. Australis College recommends that students always refer to the online version of this Student Handbook to ensure that they are receiving the most up to date information. The Handbook is readily available from our website www.australiscollege.edu.au/students.
3 APPLICATION, PRE-ENROLMENT, ENROLMENT & CLIENT SELECTION

Australis College has a three stage enrolment process designed to ensure that students make an educated and informed decision when selecting us as their training provider. Our extensive enrolment process allows us to work with prospective students to maximise their training outcomes and meet their needs.

Information on courses delivered by Australis College is available on our website at www.australiscollege.edu.au. If you do not have access to the internet please contact our office on 1300 887 991 and our Course Consultants will arrange for relevant information to be posted to you.

Application

During the application process; prospective students may complete:

- Complete an application (Avetmiss and Enrolment form).
- Complete a VET FEE-HELP application form.
- Complete an application for USI (Unique Student Identifier) implemented 2014.
- Acknowledge that they have read our Student Handbook.

Where RPL or credit transfer could be considered the student will be contacted by one of our technical experts in that qualification to discuss previous experiences, studies and work that may be submitted for the review processes. The decision of this expert regarding the acceptance of evidence is final. Any price adjustments to be made to the course cost, in line with the decision, will be forwarded to the student via email, using the email address that they provide to us.

When an application was not made online, Australis College ensures that the prospective student is emailed this Handbook and that they respond in writing advising that they have read the terms and conditions (that is, they have read the Australis College Student Handbook). It is therefore essential that a valid email address is recorded when the prospective student completes an application and that you have access to a computer to be able to use the email address provided. We may send private and confidential information/documents to the email address provided and it is up to the student to confirm that this is suitable.

The application process is non-committal and any information received from students at this point will not be disclosed with a third party. However, should the enrolment progress, students need to be aware that we have an obligation to supply their information to the national statistical database (or their State/Commonwealth representatives).

Pre-enrolment

Once an application has been received; Australis College staff contacts the prospective student to discuss it further to establish their needs and to provide additional information.

The pre-enrolment information discussed is also outlined in this Student Handbook; which applicants are obliged to read during the application process. We reiterate this information to ensure that it is understood and to allow the opportunity for questions to be asked.

Particular emphasis is made on the following areas with the student:

- Selecting the right qualification and units; precourse activity and/or VET fee program (where applicable).
- Course information, including content and vocational outcomes.
- Fees and charges.
- How the training is conducted and how assessment is made.
- Their rights and obligations.
- Support services available to them.
- Option of RPL or Credit Transfer

A vital part of our pre-enrolment process is to establish the identity of the new student. The enrolment cannot progress until adequate verification of identity has been established.

**Enrolment**

The final stage to this process involves completing official Australis College paperwork and sending out a Welcome Letter confirming their enrolment. Students need to store the Welcome Letter in a safe and accessible area in case they are subjected to any random identity checks conducted by Australis College.

Where a student has requested RPL, they are sent an application form to complete. Their allocated Trainer will discuss their completed RPL application in detail upon receipt.

Where required, an LLN assessment will be conducted by the Trainer for the qualification that you are interested in. This will involve completing a few simple questions that allows Australis to assess the level of support you may need to be successful in your training programme. Occasionally there may need to be the recognition that the accredited qualification that you have enquired about may not be achievable in one step. Where this is the case, and on the back of the LLN assessment process, your Trainer will discuss with you the alternative routes and training pathways that you may take to achieve your goals.

Once the Unique Student Identifier (USI) has been implemented; you will need to supply Australis College with your number or provide us with the authority to create a USI on your behalf.

* The USI initiative was originally scheduled to come into effect on 01/01/2014, with students’ being able to create a USI in October 2013; however it has been postponed without a known implementation date.

**Client selection**

Australis College may assess applicants on their ability to meet the requirements of the course. Consideration takes into account prerequisite and Training Package assessment guidelines and will always be made in accordance with our Access and Equity policy. Prerequisite information for each of our courses is available on [http://training.gov.au](http://training.gov.au).

**4 DELIVERY AND ASSESSMENT METHODS**

Australis College offers flexibility of learning and assessment methods in order to meet the differing needs of our clients. Please speak with your Trainer/Assessor or another Australis College staff member if you believe that adjustments need to be made to accommodate your individual needs.

Australis College Trainers and Assessors are experienced industry professionals committed to providing a high standard of training and assessment. Assessments for all courses meet the principles of assessment in that they are fair, flexible, valid and reliable. Your industry expert will assist you in every aspect of your training and assessment programme through regular on line and telephone support.
Delivery methods

Please refer to the courses available on the Australis College website www.australiscollege.edu.au to determine which delivery method is available for your chosen course.

Face-to-face

This is a classroom based program led by one of our experienced Trainers with online assessment to complete course requirements.

Blended

Mixed mode is a blended learning approach that provides the flexibility of online support whilst receiving advantage of face to face, when available.

Online

Study is undertaken through online learning, which includes PDF Manuals and e-learning modules. This enables students to complete their study and assessment at their own pace; but with email, phone and online support from your industry expert Trainer and Assessor, as well as the Australis support team.

Recognition of Prior Learning (RPL)

Students who are able to demonstrate competency via the provision of evidence of industry experience and prior learning may be eligible to undertake assessment only for some courses.

Should you believe that you already have the competencies for some or all of the units for your selected course, you can complete a RPL application form during the enrolment process or you can contact Australis College to request an application which contains a RPL self-assessment questionnaire.

Please note that it is Australis’ policy not to RPL units that impact on Workplace Health and Safety activities, for the sake of your safety and those that you may work alongside.

The RPL process will require an initial screening with your Trainer/Assessor to rate yours suitability to the process. Where applicable, this will be followed by a request made to you to provide as much documented evidence as you can to show competence before you will be interviewed by the Trainer/Assessor to confirm your prior learning.

Assessment methods

As you progress through the units there will be opportunity for you to test your own learning by completing a number of general questions and activities. At the end of each unit, you will be formally assessed by you Assessor after completion of the formal assessment activities. All evidence requirements are to be uploaded to the Australis College online portal (iTrain). This evidence will form part of your competency assessment. As such, students need to have or have access to a computer and the internet. Australis College will not accept paper-based assessments.

Students are supported throughout the process by a dedicated Trainer/Assessor. The Assessor will make a judgement of competency based on the evidence provided according to the National Criteria.

Our Assessors will ensure:

- Recognition of Prior Learning is offered and recorded.
- The assessment process is valid, reliable, flexible and fair.
- All evidence submitted is considered in making their judgement.
Assessment outcomes are recorded appropriately.

Timely and constructive feedback on NYC (not yet competent) assessment outcomes is given to applicable students.

If competency is not awarded, students need to resubmit their assessment. For details of the resubmission policy, please refer to ‘Resubmission fees’ under Fees & Charges.

As you are assessed for the competencies, skills and knowledge required for the qualification you will also be reviewed for other more general skill such as employability skills and foundation skills. These are the underlying skills that are threaded throughout completion of any qualification. They include the literacy, numeracy and digital literacy skills, but also more general skills needed in a modern day business such as:

- **Communication**, skills that contribute to productive and harmonious relations between employees and customers;
- **Team work**, skills that contribute to productive working relationships and outcomes;
- **Problem-solving**, skills that contribute to productive outcomes;
- **Initiative and enterprise**, skills that contribute to innovative outcomes;
- **Planning and organising**, skills that contribute to long-term and short-term strategic planning;
- **Self-management**, skills that contribute to employee satisfaction and growth;
- **Learning**, skills that contribute to ongoing improvement and expansion in employee and company operations and outcomes; and
- **Technology**, skills that contribute to effective execution of tasks.

**Credit Transfer**

Australis College recognises Qualifications and Statements of Attainments issued by other Registered Training Organisations upon production and verification of the certified copy of the Qualification or Statement of Attainment. Please email the certified copy to student.services@australiscollege.edu.au.

Once the Unique Student Identifier (USI) initiative has been approved and implemented, Australis College will also recognise any transcripts provided by a student who has completed accredited training and has a USI.

* The USI initiative was originally scheduled to come into effect on 01/01/2014, with students’ being able to create a USI in October 2013; however it has been postponed without a known implementation date.

**Credit Transfer – from another RTO**

If you have previously achieved a qualification or Statement of Attainment within that industry, you may not need to complete all of the units within the new qualification as Credit Transfer from those prior qualifications may be possible.

**Credit Transfer – exemptions**

If you hold a qualification/Statement of Attainment that has been superseded and is no longer available, or is not the version required by the qualification into which you wish to enrol, Credit Transfer does not apply. In such situations, Recognition of Prior Learning (RPL) would be the appropriate way to proceed.
Recognition of Prior Learning (RPL)

Structured process or unique one on one.

If you have been working in your chosen environment for some time, or have experience in similar areas, you may be able to gain credit for the competencies you have achieved through your life or work skills. This is called Recognition of Prior Learning (RPL). If you are seeking RPL, your evidence must be assessed by an Assessor. If you need to know more contact your Trainer or head office for information. The process for RPL assessment is a structured process where you will be asked to submit evidence of your current learning and skills. Your Trainer or Assessor will explain the process further.

Please note that it is Australis’ policy not to RPL units that impact on Workplace Health and Safety activities, for the sake of your safety and those that you may work alongside.

If an extension is required; Australis College must receive the extension request at least two (2) weeks prior to the scheduled course/module completion date in order for your course to be extended. Personal presentation and hygiene
Where physical attendance is required for any part of your coursework; Australis College requests that you present yourself appropriately. That is that you should ensure that you are well groomed (clean, kept hair) and smartly dressed (business attire or equivalent).

Plagiarism
Plagiarism is a form of dishonesty that occurs when a person passes off someone else’s work as his or her own. On completion of any Australis College courses, students must complete and submit a declaration asserting that all work submitted for assessment is their own work.

Students who falsely complete their declaration and submit work that is not their own will have their enrolment cancelled, with no refund and will be invoiced for any unpaid course fees.

Citing sources
To avoid plagiarism, ensure that you reference all sources of information e.g.: website, textbooks and journals.

Identification checks
At the discretion of Australis College, you may be subjected to random identification checks when you upload assessments. Identification checks are also made when you contact our Student Services team to discuss your personal training record. Generic information can be discussed and disclosed without the need of formal identification checks.

Group Work
As you are being assessed as to your personal competency in relation to the course requirements, it is not permissible to engage in group work for assessments. Plagiarism in group work is the authorised act of a group of students producing common assessable work.

All parties to plagiarism are considered equally guilty. If you share your coursework with another student and he or she plagiarises it, you are considered as guilty as the one who has plagiarised your work, since you enabled the plagiarism to take place. If you are working in groups, please ensure that you submit all assessments in your own words.

15 DISCIPLINARY PROCEDURES

Such behaviour includes the use of offensive language, intoxication, attending class under the influence of illegal substances, discrimination, harassment or vilification in any form, breaches in safety or any behaviours in general that are offensive, illegal or dangerous. Students displaying these types of behaviours will terminate their right to participate and will be immediately excluded from the learning and/or assessment environment without refund. Students may appeal such a decision following the Appeals Policy and Procedure. Australis College further reserves the right to terminate without refund, the enrolment of any student found cheating in any way.

17 UNIQUE STUDENT IDENTIFIER (USI)

What is the USI?

The Unique Student Identifier (USI) is an alphanumeric number that all individuals must apply for and hold when undertaking nationally recognised vocational education and training (VET). This number only needs to be applied for once and it will remain with the individual for life.

Once implemented*, a student will be able to access a full list of their academic achievements from a central system for training undertaken whilst they have a USI.

* The USI initiative was originally scheduled to come into effect on 01/01/2014, with students' being able to create a USI in October 2013; however it has been postponed without a known implementation date.

Security

Australis College ensures that your personal information is secure at all times and that only authorised team members can access your records. Where identification is requested (outside of our enrolment process and for the sole purpose of applying for a USI on the student’s behalf); Australis College has the means to securely destroy copies provided.

It is important to understand that you, as the USI holder, have control over whom you disclose your USI to. You are entitled to withhold your number from Australis College, however; please note that unless you supply your USI to Australis College, we will be unable to issue any certification for competencies achieved.

Additional information

Information pertaining to the Unique Student Identifier can be viewed online at the Department of Industry, Innovation, Science, Research and Tertiary Education (DIISRTE) website http://www.innovation.gov.au/skills/National/UniqueStudentIdentifierForVET/Pages/default.aspx.

Due to the nature of our training delivery; you will be spending a significant amount of time in front of your computer.
