

ICT Faculty

From Subscription to Qualification

As Training Packages and prices change periodically, please refer to the online version for the latest details.

Although many subscribers join us for continuing Professional Development, you can also use Subscription as a pathway to nationally recognised Units of Competency, Skills Sets, Certificates and Diplomas.

If you would like nationally recognised outcomes from your Subscription, please follow these steps:

1 – Identify which Subjects you need to complete (and in what order if applicable).

This document lists which Subjects map to which units of competency in which qualifications.

2 – Complete the assessment for the subject.

Assessments are accessed within your Subscription. We recommend you complete the assessment as you work through the subject (rather than leaving it to the end), and submit it before you start the next subject.

3 – Enrol in the Assessment

As soon as the assessment is ready to submit, click the ‘Enrol Now’ link at the end of the Assessment.

At this time you will pay the ‘Assessment Only’ fee for that subject and be officially enrolled into the relevant units of competency and have your assessment passed to an assessor.

Resubmissions: If you are unsuccessful on your first attempt, but are very close, you can resubmit for no additional fee. For anything more a Resubmission Fee of \$40+gst will be charged per attempt.

4 – Recognition

Each successfully completed assessment provides you with one or more units of competency. Once you have all of the units of competency required for a particular qualification, you can use Credit Transfer to attain that qualification...or qualifications.

Although some subjects can be completed in any order, if you intend to complete a full qualification we usually recommend you complete them in the order listed. Where there is a requirement to complete some of the subjects in a certain order, this has been detailed in this document.

For full terms and condition please refer to the Student Handbook and Website.

Nationally Recognised courses

ICT50715 DIPLOMA OF SOFTWARE DEVELOPMENT	2
ICT50615 DIPLOMA OF WEBSITE DEVELOPMENT	3

ICT50715 DIPLOMA OF SOFTWARE DEVELOPMENT

To attain this qualification, complete the following 6 subjects (which cover 16 units of competency).

We recommend you complete these subjects in the order listed below.

'Software Projects' and 'Software Copyright, Privacy & Ethics' can be completed out of order if desired.

	Subject Title	Unit of Competency	Assessment cost (gst free)
1	Programming Basics	ICTPRG418 Apply intermediate programming skills in another language	\$495 upfront OR \$180pm x 3 mths = \$540
		ICTPRG527 Apply intermediate object-oriented language skills	
		ICTPRG529 Apply testing techniques for software development	
2	Software Projects	ICTPRG502 Manage a project using software management tools	\$295 upfront
		ICTPMG501 Manage ICT Projects	
		ICTICT403 Apply software development methodologies	
3	Software Copyright, Privacy & Ethics	ICTICT418 Contribute to copyright, ethics and privacy in an ICT environment	\$165 upfront
4	Validating applications	ICTPRG520 Validate an application design against specifications	\$165 upfront
5	Advanced programming and Android	ICTPRG523 Apply advanced programming skills in another language	\$850 upfront OR \$300pm x 3 mths = \$900
		ICTPRG501 Apply advanced object-oriented language skills	
		ICTPRG505 Build advanced user interface	
		ICTPRG507 Implement security for applications	
6	Build and deploy Android apps	ICTPRG601 Develop advanced mobile multi-touch applications	\$495 upfront OR \$180pm x 3 mths = \$540
		ICTPRG504 Deploy an application to a production environment	
		ICTPRG503 Debug and monitor applications	
		CUADIG502 Design digital applications	

ICT50615 DIPLOMA OF WEBSITE DEVELOPMENT

To attain this qualification, complete the following 11 subjects (which cover 20 units of competency).

We recommend you complete these subjects in the order listed below.

'Workplace Health & Safety', 'Web Projects' and 'Web Copyright, Privacy & Ethics' can be completed out of order if desired.

	Subject Title	Unit of Competency	Assessment cost (gst free)
1	Web Basics	ICTWEB508 Develop website information architecture	\$390 upfront OR \$140pm x 3 mths = \$420
		ICTWEB506 Develop complex cascading style sheets	
		ICTWEB505 Develop complex web page layouts	
2	Working with clients	ICTICT515 Verify client business requirements	\$270 upfront
		ICTWEB501 Build a dynamic website	
3	Workplace Health & Safety	BSBWHS501 Ensure a safe workplace	\$180 upfront
4	Web Projects	ICTPMG501 Manage ICT projects	\$150 upfront
5	Web Copyright, Privacy & Ethics	ICTICT418 Contribute to copyright, ethics and privacy in an ICT environment	\$180 upfront
6	JavaScript	ICTPRG418 Apply intermediate programming skills in another language	\$210 upfront
7	SQL and PHP	ICTPRG406 - Apply introductory object-oriented language skills	\$270 upfront
		ICTPRG425 Use structured query language	
8	Web Databases	ICTDBS502 Design a database	\$390 upfront OR \$140pm x 3 mths = \$420
		ICTDBS412 Build a database	
9	Web Libraries & Trends	ICTPRG413 Use a library or pre-existing components	\$210 upfront
		ICTWEB516 Research and apply emerging web technology trends	
10	Web security	ICTWEB509 Use site server tools for transaction management	\$360 upfront OR \$130pm x 3 mths = \$390
		ICTPRG507 Implement security for applications	
11	Web Sessions & Project	ICTWEB503 Create web-based programs	\$390 upfront OR \$140pm x 3 mths = \$420
		ICTWEB502 Create dynamic web pages	
		ICTDBS504 Integrate database with a website
